Megaphones

Code

TA16-F

Description

15 W Class 'D' megaphone with Fog Horn

Simple, lightweight and practical, the TA16-F megaphone enables announcements, calls and warnings to be broadcast within a radius of several hundred meters, concentrating the sounds in the required direction. A specific switch, placed on the side, enables the broadcast of particular tones: Fog Horn (F), Whistle (W) and Siren (S). It is made of shockproof material that is rainproof, frost-proof, heatproof and resistant to saline atmospheres.

It is equipped with a volume control and a comfortable shoulder strap for carrying.
